Department of Computer Science & Engineering

Project Synopsis Contents

The project Synopsis/specification will be written based on the information gained from your supervisor and your initial investigations. These are converted into detailed description of outcomes you are going to achieve. You will be creating a programmed of work. The synopsis (with your plan) provides the means by which you and your supervisor can monitor and review your progress.

A typical Project Synopsis /Specification should contain these elements:

    i.   **Cover Page:** (project title, name of student, name of supervisor, any collaborating organization)

  ii.   **Abstract**

 iii.   **Declaration**

  iv.   **Certificate**

   v.   **Acknowledgement**

  vi.   **List of Contents**

      1. **Introduction:** Short paragraph giving an introduction to project activity and its purpose

      2. **Initial Research/Literature Survey:** Supporting information, Comparison Table, discussions and early background reading you have used to form the basis of your project.

      3. **Problem Statement:** Broad aims of the work

      4. **Proposed Methodology/:** What will be investigated, designed, specified, produced, created during project work, stating objectives of these.

      5. **Conclusions**

      6. **References should be given format.**

        (Zlotnik, M. D. 'Chernenko succeeds'. *Problems of Communism* 33 (2) March-April 1984, pp.17-31.)

Note: **1.** Table of contents must be included (including above points/contents).

        2. Synopsis Front page format is given below (for reference purpose)

        3. Main Heading -16, Sub Heading 14, Text -12, Font – Times New Roman, Line Space 1.5.
